

## Camps for Everyone

Standing Ovation Performing Arts offers a variety of

camp activities that will appeal to every child! Our

acting camps provide opportuni-

ties for children to express them-

selves, build self-esteem and try

new things. Our classes

are production-oriented

with opportunity for

students to practice acting skills in actual

scenes that they rehearse and perform during

the 8th week for an audience. Our curricu-

lum was designed by certified teachers and

our educational approach focuses on im-

proving skills that will make your child a

better student and a better person!

Invest in your child this summer! Forget

about those camps that herd your child

from one activity to another and sit them

in front of a movie all day. Allow your

child to grow and develop through the

arts!

Our camps include a variety of activities including crafts!
